

CARSON®

HookUpz™

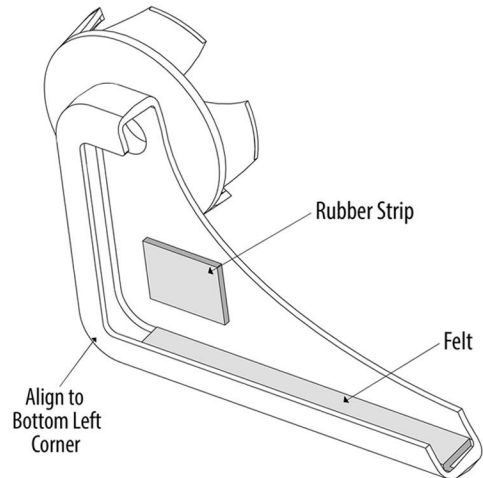

IC-518

iPhone™ 4/4S

Instructions

*Follow directions below for use with iPhone™ 4/4S
For use with iPhone™ 5, follow other included directions.*

1. Remove paper backing on included felt strip and attach to the flat section of the bottom channel of iPhone holder as shown in line drawing.
2. Remove paper backing on included rubber strip and attach rubber strip to the inner back surface of iPhone™ holder as shown in line drawing.
3. Follow the other directions for adaptor, but without using included iPhone™ 5 rubber case. Just slide the bare iPhone™ 4/4S (no case), into holder with felt and rubber parts attached. When iPhone™ 4/4S is aligned with the bottom left corner, it should be well centered to the adaptor.

iPhone™ is a registered trademark of Apple Inc., registered in the U.S. and other countries.
